Aditya Misra

AI Engineer Intern @ AI Singapore | Computer Science @ NUS |
Innovation and Design Programme
Singapore, Singapore

Summary

I am a Year 4 Computer Science student at NUS, with a keen interest in Software Engineering and Database Systems. I enjoy problem-solving and aspire to learn something new everyday!

As an intern at DEIF A/P, I realised how the skills we learn as computer scientists can find application in some of the most rudimentary aspects of our daily lives. This inspires me to the potential that the sphere of computers and computing has.

I am willing to explore and dive deep into the various facets of the world of computing to be able to leverage all powerful tools at hand so that I can contribute to, and make a material difference to society.

Feel free to reach out if you feel our interests align!

Experience

AI Singapore

AI Engineer Intern

July 2025 - Present (9 months)

Singapore

National University of Singapore

2 years 3 months

Teaching Assistant

January 2025 - Present (1 year 3 months)

Singapore

For CS2109S (Introduction to AI and Machine Learning)

Software Developer (NUS-OSS Projects - CATcher)

January 2024 - Present (2 years 3 months)

Singapore

Research Assistant

October 2024 - May 2025 (8 months)

Singapore

Working on Project SELENE under Prof Christian Von Der Weth and Prof Jithin Vachery

Venture Corporation Limited

AI Engineer Intern

May 2025 - August 2025 (4 months)

Singapore

Google Developer Student Club NUS (GDSC NUS)

Software Engineer

September 2024 - May 2025 (9 months)

Hutchinson

Software Engineer Intern

May 2024 - November 2024 (7 months)

Singapore

DEIF

Software Developer

October 2023 - January 2024 (4 months)

Singapore

Independently responsible for developing the Open Charge Point Protocol (OCPP) for the company that facilitates seamless communication between controllers and third-party EV chargers in the EV Charging Environment

Education

National University of Singapore

Bachelor of Computing with a minor in Innovation and Design · (2022 - 2026)

Scottish High International School

Indian School Certificate

Scottish High International School

Indian Certificate of Secondary Education
